

HDTV 3CCD/CMOS Zoom Lens for Short Distances

HD PROMINAR

LMZ856-HD3

- +High-performance Zoom Lens suitable for High Definition TV(1920x1080) 3CCD/CMOS cameras
- +Short distance optical-design perfect for indoor monitoring
- +Compact / Light weight design

The high-performance short distance HDTV 3CCD/CMOS Zoom Lens most suitable for indoor monitoring.

※The photograph is an image.

CHARACTERISTICS

+HDTV image(1920x1080) resolution

The NEW HD PROMINAR Lens designed achieves high definition and less chromatic aberrations.

+Short distance and 3CCD/CMOS optical design

This 7x 3CCD/CMOS Zoom Lens can focus on short distances and will maintain high performance across the whole zoom range. In addition, the design keeps distortion at a minimum.

+C-mount adoption

This lens adopts C-mount for versatility.

DIMENSIONS

SPECIFICATIONS

Model No.	Use	Focal Length	Zoom ratio	Relative Aperture(F)	Horizontal Angle	
LMZ856-HD3	1/2" 3CCD/CMOS Cameras	8-56mm	7x	1:2.0-16	Wide:48.0°x27.2°	
					Tele:3.2°x1.6°	
Field of view (at M.O.D)	Focus range	Operation	Filter size	Size(W×H×L)	Mount	Weight
Wide 500x281mm	0.7-3.0m	Iris : Motorized	M72x0.75mm	87.0x80.0 x200.5mm	C-mount	Approx. 1kg
Tele 80x45mm		Zoom : Motorized				
		Focus : Motorized
